Protocol for Matterport Tours

Location to be scanned: _____

Prior to 3DVermont scanning a property the following must occur:

- Property owner or agent must turn all lights on and open interior doors of rooms that are to be scanned.
- All occupants and pets (dogs) must be out of the house.
- Properties are scanned "as is", so please stage the property accordingly and prior to arrival of 3D scanner. Our scanner will not be moving objects.

3DVermont scanning photographer will:

- Follow current Covid-19 CDC guidelines (our scanners are vaccinated for Covid-19)
- Touch as little as possible - the occasional interior door may need to be opened or closed for camera alignment.
- Will leave all lights on and interior doors as they were.

Property owner and/or their agent agrees to follow the above protocol.
